

Dear Friend & Supporter,

Hopefully, you have heard that I am running for a seat on the Davidson County Commission. Yeah!

My purpose for running is to work for a better Davidson County. I bring years of community involvement and leadership experience. I will be able to make tough decisions with confidence. I will act with honesty and transparency.

My platform priorities include:

Affordable Housing

Public Education

Economic Mobility

Government Transparency

Fiscal Responsibility

The road to get there is going to be long. For this reason, I am going to need a great deal of support, financial and physical. If you are able to make a monetary donation to my campaign, now or later, know that I greatly appreciate it. If you are able to help pass out campaign material, put out signs, work the polls, assist at an event, host an event, or so much more, I appreciate that as well.

The general election is **Tuesday, November 3, 2026**. I hope I can count on you, your vote and your prayers.

Please mail the slip below to:
